FOR IMMEDIATE RELEASE
March 3, 2022

NO APPOINTMENT NEEDED FOR COVID-19 VACCINE AT HEALTH DEPARTMENT

Now there is no waiting for a mass immunization clinic to get your COVID-19 vaccine! On Tuesdays through Thursdays, the Logan County Department of Public Health (LCDPH) will be offering the COVID-19 vaccine to the public on a walk-in basis beginning the week of March 7th. This includes the first dose, second dose, and boosters.

The brand of vaccines will be restricted to certain days only as the Pfizer vaccine brand will be offered Tuesdays for ages 5 years and up. Johnson and Johnson will be provided every Wednesday, and Moderna will be offered on Thursdays. This means, for instance, if you want the Moderna vaccine, Thursday is the day to stop by the health department as no other vaccine brand will be offered on Thursdays. Vaccines will be offered on a first come, first-serve basis from 7:45 am - 3:45 pm.

For questions, please contact LCDPH Monday - Friday from 7:30am - 4:30pm at 217-735-2317. LCDPH is located at 109 3rd Street, Lincoln, IL. For information regarding LCDPH services, you can also call or log onto their website at WWW.LCDPH.ORG.
