Establishment: Country Aire Establishment #: 227

	OBSERVATIONS AND CORRECTIVE ACTIONS					
Item Number	Violations cited in this report must be corrected within the time frames below.					
19	Taco meat out of cooler observed being place directly into steam table before reaching the proper reheating temperature					
	of 165°F within 2 hours, before being placed in hot holding. Reference section 3-403.11 of the Food Code. COS, reviewed					
	reheating requirements and discussed HACCP concept with employee and person in charge. Food was removed from steam					
	table and reheated to proper temperature.					
23	All food in walk-in coolers and kitchen fridges observed without proper date marking. Food prepared and held in a food					
į.	establishment for more than 24 hours must be clearly marked to indicate the date or day by which the food must be consumed					
	on the premises, sold, or discarded when held at a temperature of 41°F or less for a maximum of 7 days. Reference section					
	3-501.17 of the Food Code. COS, reviewed Food Code section with person in charge. Food labeled properly					
28	Single service articles observed being stored in garden shed behind food establishment with gasoline and bug killer.					
	Toxic materials must be stored so that they cannot contaminate food, equipment, utensils, linens or single-service articles.					
	Reference section 7-201.11 of the Food Code. COS, Employee moved single service articles to separated storage.					
36	A food thermometer is not observed in the kitchen or being used by employee. Food thermometers shall be provided and readily					
	accessible to ensure proper food temperatures. Reference section 4-302.12 of the Food Code. Will return in 10 days to ensure					
	thermometers are present and being properly used.					
39	Most Food in Kitchen area observed without proper coverings. Food shall be protected from contamination.					
	Reference Section 3-307.11 of Food Code. COS, Employee covered food containers.					
41	Wiping Cloths in Kitchen observed on prep table and steam table in between uses. In-use wiping cloths are not stored properly.					
1.2	Cloths used for wiping spills shall be maintained dry. Cloths used to wipe surfaces and equipment shall be held in proper					
sanitizer solution. Cloths in-use for wiping surfaces in contact with raw animal foods shall be kept separate from clo						
	other purposes. In-use cloths must be laundered daily. Reference Section 3-304.14 Food Code. COS, in use wiping cloths moved					
to sanitizer bucket.						
48	Test strips were not present in ware washing area or establishment for use. Provide a test kit or other measuring device so					
the employees can measure concentrations and ensure proper sanitization. Avoid a concentration of sanitizer						
	which can be toxic. Reference Section 4-302.14 of Food Code. Will return in 10 days to ensure establishment has test strips.					
49	Soil and food residue present on sides and front of make table coolers, grills, and all kitchen equipment. Clean all non-food					
	contact surfaces frequently to prevent soil accumulation. Reference section4-602.13 of the Food Code. To be corrected by the					
	Next Routine Inspection.
